Championing Innovation
Catalysing Viksit Bharat's Growth Story

12th-14th December, 2025
The Ananta Udaipur

In alignment with the country's vision of transforming the present-day India into a true Viksit Bharat, **ETGovernment - The Economic Times** announces the **8th edition** of the **National PSU Residential Summit 2025** coming soon in the city of lakes **Udaipur** at **The Ananta** on **12-14 December, 2025**. Themed **'Championing Innovation, Catalysing Viksit Bharat's Growth Story'** this edition of the Summit will explore the strategic shift towards a "Digital First" approach, coupled with a renewed focus on modernizing legacy systems, signifies a strong commitment to becoming agile and competitive.

Overview

India has recently climbed the ladder to become the 4th largest economy in the world and the public sector, undoubtedly, has played a crucial role in pumping the economic charts. PSUs have been the bedrock of India's industrialization, building critical infrastructure in core sectors like energy, mining, defense, and infrastructure. The public sector play a pivotal role in building future-ready and sustainable infrastructure while ensuring energy security and connectivity, with substantial contributions to GDP and widespread employment generation, particularly in underserved regions. Their commitment to social welfare, balanced regional growth, and providing essential services at affordable prices remains a cornerstone of India's socio-economic fabric.

Applauding the contributions from the public sector in driving India's economic and industrial growth, the 2-day Summit will witness deliberations and brainstorming sessions by government leaders, senior policymakers, industry kingpins, and academia. The esteemed speakers will gather under one roof discussing how Indian PSUs are not just driving economic growth, but actively shaping the future of the nation by championing technological prowess and fostering a culture of innovation, contributing significantly to the vision of an Atmanirbhar and Viksit Bharat.
